Friday 15<sup>th</sup> July 2022

Dear Parents,

The Met Office has issued an amber extreme heat warning for Sunday 17 July to Tuesday 19 July when temperatures could rise to 35°C in the southeast.

We are fortunate that we are single story building and during the day most of the school stays relatively cool. Please rest assured that we will monitor the temperature in the classrooms very closely during the day and we will be keeping children inside as we have been doing recently on days when it has been very hot.

On Monday and Tuesday please feel free to send your child into school in their PE kit if you feel they will be more comfortable, this may especially apply to the boys. Please also ensure you send in a water bottle so we can encourage your child to stay hydrated throughout the day.

I will continue to monitor the situation closely and I will be following any local and national guidance. I will keep you updated with any further information if appropriate.

Yours faithfully,

A handwritten signature in black ink that reads 'Janette Teague'.

Mrs Janette Teague  
Headteacher
