

## School Council minutes

12.10.23 Our first meeting of the new School Council. We met in the library, and introduced ourselves. We made School Council badges and had our photos taken.

2.11.23. We discussed in small groups which are the best and worst parts of our school day, and why. We are taking the same questions to our classes to discuss, and will bring back our answers to our next meeting.

16.11.23. We had our photos taken at the Junior School so that the photos can be used in a Federation Christmas card to be sent to local schools and organisations.

We then feedback the results of our class discussions.

Action points: We are going to focus on making our school even better, by litter picking together at our next meeting, and by making signs for the

dinner tables to encourage children not to drop food on the floor during lunch.
