

# Summer 2 – Year 2

## Science

We will focus on plants and what they need in order to grow. We will be carrying out experiments to see what conditions work best.

## Maths

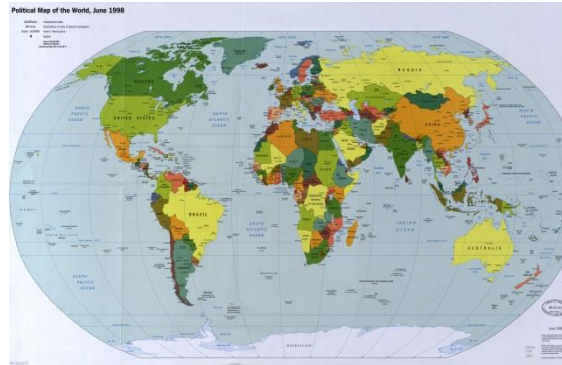

We will use our knowledge of addition, subtraction, multiplication and division to solve more complex problems.

We will be consolidating symmetry, right angles and turns.

The children will be looking at various maths investigations.

## Music

We will be learning to control an instrument and play it in time to a beat. We will be learning a range of seasonal songs.

## English

We will be looking at the 100 Decker Bus - discussing what it would be like to be on the bus or one of the decks. We will be writing our own newspaper reports. The children will be looking at a silent film and making up their own stories.

## History

We will be looking at the Life of Samuel Cody and finding out why he was important as well as his links to the local area.

## RE

This half term we will be looking at ideas about God through Christianity and Judaism as well as our own ideas.

## Art - From around the world

We will be looking at work by Alma Thomas. The children will learn about the colours and techniques she used and create their own versions of her work.

## Geography

We will be looking at human and physical features in contrasting places - Yateley and Alice Springs. We will compare the two places.

## Computing - E-safety and Coding

We will be learning how to stay safe on the internet. The children will learn about algorithms and simple coding. Learning to debug simple errors.

## PSHE

We will be looking at our changing bodies - looking at what happens as we grow.

## PE

In PE we are working on skills for athletics. We will practise our throwing, jumping and running skills.
