

Our School Dog... Dexter's News!

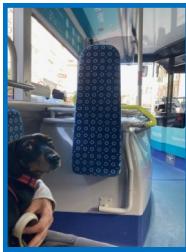

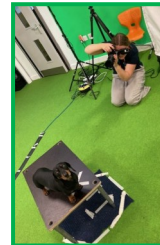

October 2023 - Post No.45

I'm no expert but October seems to have been much more sunny and warm than usual which of course I have thoroughly enjoyed but as the darker evenings are beginning to draw in, I am definitely a little more reluctant to go on any walks! I know this may seem strange but I am not a fan of puddles, in fact I do my very best to avoid them as much as possible which I know is quite unusual for my species!

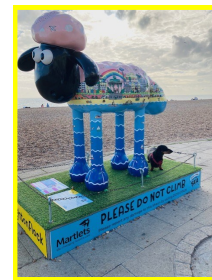

In school news I have begun to get to know the new Reception children and it is crystal clear to me that I am a popular staff member for sure! I particularly enjoyed hearing them all sing at the WIS Harvest Celebration and here you can see me keeping all of the children organised with our impressive donations for the Hart Food Bank. I also came along to the Parents Evening at the Infants which was another opportunity to build my fan club and I can't wait to attend the Junior's Parents Evening in a couple of weeks!

Unlike Miss Redman, I absolutely LOVE having my photograph taken so when Frasers came to take the children's individual and sibling portraits of course I had to get involved... the photographer was very impressed with me and of course I enjoyed the attention and the treats!

Away from school, I have also kept myself busy as ever... here I am enjoying my very first ride on a bus, I'm not sure if I like this as much as a train but it did mean an exciting trip out so I guess it was ok. Whilst visiting family in Brighton we came across these giant sheep which I was strangely drawn to, what do you think of my posing - if there is a stage to be on, I'll find it!

I am sure the chilly nights will start drawing in soon and I must confess I'm not a huge fan of fireworks which seem to last forever during November but all the same I'll be sure to share my adventures with you - stay safe!

Love,

Dexter
