

## Our School Dog... Dexter's News!

### April 2024 - Post No.51

April has been amazing! Once again, I have been super busy at school and at home sharing so many adventures with the staff and children across WIS and WJS.

As it was the Easter holidays at the beginning of April, I will start by sharing my news. I

know Miss Redman loves hearing all about what you have been up to so I'll share my fun too. During our break, and in between the heavy showers of rain, we went on lots of lovely walks out and about in our local area including Broadwater Park and Guildford! I

was also lucky enough to join Miss Redman at the Godalming Spring Fair where I had the opportunity to watch some Morris Dancing—although I must confess I

was not too keen on the jingly bells so we were not able to stay for too long! We kept ourselves busy at home too where I helped with some gardening by digging up the flower beds and eating the grass cuttings; I'm not sure Miss Redman would agree

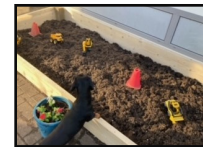

that I was helpful but I do always try my best! Finally I wanted to show this snap of me driving... not really!? That would be illegal! I am just being observant over the steering wheel of my aunt's car while we were safely parked... but I do think I look cool behind the wheel—what do you think?

Since returning to school for the start of the Summer Term I have been kept extremely busy...I enjoyed looking at the creations of the World Earth Day Creative Challenge at the

Juniors; I particularly liked the dog beds the families created, as well as checking out the new digging area in the Courtyard at the Infants! Another highlight has been seeing the children at lunchtimes and I even went on a playdate with my new friend Webster (here we are looking

very handsome!) while Miss Redman was at a PAWS Meeting!

We are already more than a couple of weeks into the Summer Term and I am certainly looking forward to more sunny days and playtimes in May, I hope you are too!

Love,

Dexter
