

Our School Dog... Dexter's News!

August 2024 - Post No.55

Well hello strangers! It seems like it has been forever since I last saw you and I have certainly missed you all! To stop myself from being sad, I have made sure that I have kept myself very busy throughout August but I'm really looking forward to seeing you all back in school next week!

In summer holiday news I have certainly travelled around and enjoyed the sunshine whenever it has appeared! Although I have spent some time in school organising things for the new term, I have made plenty of memories too... I do love a trip to the seaside and I have visited West Wittering and Brighton for day trips. In addition to these I had a wonderful day amongst the sunflowers with some

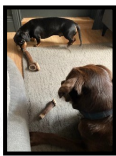

lovely friends. Here you can see me posing amongst the blooms and on the hay!

Perhaps most excitingly I had my first trip on the underground! You'll be so impressed to know that I went on the train all the way to

Newcastle which involved catching not one but two tubes on the Victoria and Bakerloo lines. I was a little unsure about the escalators so Miss Redman made sure I was safe in my bag between journeys but I really loved all the fuss from other passengers!

Once we arrived in the North East, I met my new best friend, Judy the chocolate Labrador—she is so much fun and we were even able to share toys and treats! We had such a wonderful time: we visited lots of family and friends that Miss Redman had not seen for a long time, went to a farm and the beach (Whitley Bay!)

I can't wait to hear all about the adventures you've had and welcome you back to school looking smart (and no doubt taller), see you on Wednesday!

Love,

Dexter
