

Our School Dog... Dexter's News!

February 2025 - Post No.61

Well February has been rather chilly although I am glad that just in the last few days it feels like we are finally seeing some sunshine! Unfortunately all the rain that we have had has continued to mean that I haven't spent as much time as I was hoping outside and with my walking buddies. Throughout this month, as usual, I have been supervising Miss Redman some mornings on the playgrounds and I must share that whilst I absolutely adore all of the fuss and attention I receive, it has remained a little chilly for me. For now I am going to look forward and keep my paws crossed that the weather continues to dry out and warm up!

Relating to my work across the Westfields Federation this has been full of other regular activities like celebrating children's work and offering cuddles when pupils (and staff/parents!) have needed them most. In addition to these I have attended the Year 6 residential meeting for parents where I am sure my contribution was incredibly valuable. Linked to this (but of course recognising that a residential visit is NOT a holiday!) I have to confess that as well as having lots of fun in the half term break I have spent the last few days at the seaside! Some of you may know and understand the reason why I've gone to stay with my Aunt and cousin, but Miss Redman just mentioned this funny word... Ofsted (I think!) and then I was off for a few days. Don't worry I'll be back next week and I have kept myself busy, working in a florist (well sleeping as you can see here) and even visiting my cousin's college to talk to his housemaster!

My final piece of news that I must share is that I've been on a sausage walk... here I am with my 11 new friends sharing a wonderful woodland walk... it was so much fun chasing around together!

But... looking forward to Marvellous March I am definitely excited to be feeling more sunshine on my slinky coat!

Love,
Dexter
