

## Our School Dog... Dexter's News!

### October 2025 - Post No.69

October has been another exciting month at Westfields and I have continued to enjoy getting to know all of my new friends in Year R as well as attend a number of seasonal events. Firstly I particularly enjoyed our charity fun run at WJS in aid of Cancer Research UK—here I am wearing my rather fetching tutu with some of the runners and of course Mrs Crane! The children were absolutely amazing and raised more than sixteen hundred pounds which is just fantastic!

Then here I am equally enjoying another charity event but this time at WIS—I loved seeing all of the children bring in their donations for our local food bank. At this time of year, Harvest provides a welcome reminder about thinking of those less fortunate than ourselves and once again our families across the Federation showed such generosity.

As is typical of my helpful nature, here I am lending a hand to the lovely Mrs Wilson in Squirrel Class - she was struggling to get her laminating done so in I swept with my helpful paw! At WIS I also attended the Parent Reading Workshop - Miss Redmond did a wonderful job of sharing with the parents how we teach reading. Of course I already knew all of the information so I must confess I did drop off to sleep and was caught snoring!

Of course this month has brought a well earned rest and I hope everyone has enjoyed a lovely half term break. Amongst spending rather a lot of time catching up on my sleep after so many long school days, I went on a little holiday to Devon! Miss Redman went with my cousin to look at Exeter University so my Aunt and I took the opportunity to visit Dawlish where my great granny used to live—we had so much fun on the beach! Finally, in the spirit of the season, I thought I'd share my newest costume...

Can you believe that we are heading so quickly to the end of the year? We have got so many special events planned, I just can't wait!

Love,

Dexter
